Joel R. Peterson  
Reservation Business Committee  
Fond du Lac Reservation  
105 University Road  
Cloquet, MN 55720

Dear Joel:

Attached, please the final draft of the Request for EPA Approval to Implement Water Quality Standards for the Fond du Lac Reservation (TAS document).

This draft reflects all the changes discussed during our conference with Claudia Johnson-Schultz and Tim Edman last week. This includes:

- Included Implementation Plan from Standards Document
- Smoother language on hiring of Water Resource Specialist
- Incorporated Map of Exterior Boundaries
- Incorporated recently approved Resolution from Tribal Council
- Incorporated Constitution and By-laws
- Corrected copy on committee structure
- Incorporated reservation organization chart
- Revised cover letter and included within document
- Produced new document cover and table of contents

After review by your reservation legal department, please have Chairman Peacock sign the cover letter on page one and submit directly to the EPA.

If changes are required, please let me know and I will immediately send you a newly corrected copy.

I will contact you next week regarding the scheduling of a conference call to review a few remaining issues on the draft water quality standards report.

Meanwhile, if you have any questions or need any additional information, please don't hesitate to call.

Yours truly,

John F. Edman
